Consent Agenda

Items on the Consent Agenda are considered to be routine by the City Council and will be enacted by one motion and one vote. There will be no separate discussion of these items unless a Councilmember or citizen so requests, in which case the item will be removed from the Consent Agenda and considered separately. The Council may also add other action items on the agenda, without vocal or written opposition, to the consent agenda.

Order of Discussion for Agenda Items

Generally, the order of discussion after introduction of an item by the Mayor will include staff comments and recommendations, followed by public input upon recognition by the Mayor (not exceeding 3 minutes). Speakers desiring to address the Council should first stand and state their name and address for the record. Each speaker may speak only once to each item. A speaker representing a group or association present at the meeting may, at the discretion of the Mayor, be allowed up to ten minutes to address the Council regarding an agenda item. The Council may, in its discretion, limit public comments to new information or matters not fully addressed at a previous meeting regarding the agenda item at issue. At the close of the public discussion, the item will then be considered by the City Council following a motion to place it on the floor for Council discussion and debate. Public participation during the final process is not typically permitted.

Addressing the Council

Excluding public hearings, the City's policy for conduct at Council meetings typically allows for two public comment segments during each regular meeting agenda. The first segment permits brief statements (not to exceed three minutes) by a member of the public regarding any city-related topic. Members of the public who wish to address the Council for **more** than three minutes on an item may have, at the discretion of the Mayor, an opportunity under Extended Public Comment toward the end of the meeting agenda. The public comment portions of the agenda are **not** intended for debate or dialogue with the Council on issues, regardless of whether or not they are on the agenda.
